City of Flagstaff Residential Submittal

Checklist (Updated September 26, 2005,)

The following information will be completed by the CD Specialist (Plan Tech) and the applicant. Minor items may be corrected on all submittal copies by the applicant. Major omissions or errors must be redrawn and resubmitted by the applicant.

Application	<u>:n:</u>
Physic	cal Address of project (information entered on Application and shown on Site Plan)
	(for subdivisions only, shown on Site Plan)
	vision Name
	e/unit # within subdivision when applicable
	of garage, number of vehicle parking (1, 2, 3 or more cars)
Accur	ate scope of work (i.e., bedroom and bath addition, second floor)
Comp	lete square footages (i.e., livable = 1,850 sf; garage 420 sf; covered decks 180 sf)
Imper	vious Surface area [must include all drives, walks, patios, decks, roof area for new Constr.]
Comp	leted grading questionnaire that coincides with site plan (cut & fill)
•	ject site adjacent to a flood plain [Yes or No], (ref to GIS overlay)
Site Plan:	(3) copies of the site plan are required for a standard submittal
Accur	ate site plan to engineers scale (1:10, or 1:20, may not be architectural scale)
Lot lin	e dimensions (must agree with parcel information from Coconino County books)
	Arrow (may be added by applicant – minor item)
	cks drawn on Site Plan, additional information are building envelopes from Plat
	our lines (2' interval) shown and labeled using elevation above sea level (i.e., 6928')
	ng footprint clearly defined/dimensioned (all structures)
	dimensions from proposed structure(s) to adjacent property lines (min. of two sides)
	isting structures on property with dimensions to adjacent property lines(even if not involved with
	sed project)
•	ecks; exterior stairs; or cantilevered structural elements to be shown
	ed Floor Elevation (main level) and garage finished floor elevation above sea level.
Easer	ments shown (PUE, drainage, utility, slope and resource, etc.; ref to Plat)
Finish	ed curb height or road elevation (information from engineering as-built or registered land survey)
Sewe	r Tap location for property (on as-builts, if not available – indicate on plan)
Water	Tap location for property "
_	
	ion Drawings:
	of construction drawings w/ square footages (should match areas on application).
Sheet	numbers (i.e., sheet 2 of 10, 3 of 10, etc.)
All det	tails or plans will be to scale, no "NS or not to scale drawings"
All roc	oms labeled per intended use (i.e, bedroom, bath, living room, den, etc.)
Locate	e water heater and FAU or other heat source, general notes not accepted, draw footprint
	ipment at the intended location (i.e., garage, attic, crawl space).
Existir	ng and finished grade shown on all elevation views
	roof truss manufacturer layout & 2 sets of calculation sheets from manufacture.
	floor manufacturer layout & 2 sets of calculation sheets from manufacturer.
	of engineering calculations (when required for heavy loads, retaining, special connectors, etc.)
2 5615	of engineering calculations (when required for fleavy loads, retaining, special conflectors, etc.)
Remodels	& Additions
	ng floor plan w/ all rooms labeled (not required for fire damage repairs with no changes)
	loor plan separate from existing with all construction drawing items (see requirements above)
	y marked off-street parking spaces on site plan (required for garage enclosures, duplexes,
etc.)	, marked on otroot parking opacion one plan frequired for garage enclosures, duplexes,
